

News and Developments

 **We are back in South Africa!** After almost 6 months in Brazil to learn Portuguese in preparation for our move to Mozambique, we are “home” again. Our time in Brazil was a huge blessing in so many ways. Here are just a few highlights:

- We all progressed well in the language and have a good foundation to continue building upon in Mozambique.
- Our family really bonded together as Scott was home most of the time. Also the children seemed to take ownership of the mission for themselves.
- We developed many close Brazilian relationships that blessed us during our time in Brazil.
- Doors were opened to recruit future teammates for Mozambique.

 **Goodbye Brazil!** We celebrated our last night in Brazil with a group of friends in our home. Several of those in attendance are some of the people we have challenged to prayerfully consider joining us in the work in Mozambique. We are so excited about the possibility of them joining us! They will add valuable talents to the team. We thank God for the wonderful experience and friendships we developed.

 **South Africa - short but sweet!** We spent two weeks in South Africa resting, taking care of business items, doctor visits, visiting friends, and preparing for our next move to Mozambique. We stayed with Allen and Janelle in Tzaneen, and it was so great spending time “praying and playing” with them. Bia and Gustavo arrived from the States in early May and we all met for a retreat, but more on that and our next big move in the next update.

Lots of love from us to each of you,

Scott, Lisa, Gabriel, Mariah, and Jayden Harris

Our language school took us out to eat a “good bye” lunch with our teachers

Group of friends who came to spend our last night in Brazil with us

Sharing out last meal with friends in our home in Campinas, Brazil
